

Tool

For large-diameter pipes, KINGBULL provides manual thermo Fusion tools in addition to hydraulic thermo fusion equipments.
For small diameter pipe with double fusion socket welding, Kingbull provides specially designed Thermo Fusion Tools.

◎ Tapper suitable diameter (dn20–dn110)

Product Name		Item Number	Specification (mm)	Package (pcs/ box)
Tapper		071115001	20	1
		071115002	25	1
		071115003	32	1
		071115004	40	1
		071115005	50	1
		071115006	63	1
		071115007	75	1
		071115008	90	1
		071115009	110	1

◎ Pipe Cutter suitable diameter (dn50–dn160)

Pipe Cutter		071109002	50–110	1
		071109003	110–160	1

◎ PSP Welding Device (dn20–dn110)

PSP thermo fusion welding plate		071102001	110(2000w)	1
---------------------------------	---	-----------	------------	---

◎ PSP hydraulic double fusion welding machine (dn50–dn160)

PSP pipe hydraulic double fusion welding machine		071111001	50–160	1
